### READ THIS.

MOBILE, ALA., Dec. 24, 1890.

Dr. E. W. Hall, St. Louis, Mo.—Dear Sir: Having tried different doctors and their remedies for several years for back and kidney troubles, I found nothing successful until taking "The Texas Wonder." Hall's Great Discovery, and, being rapidly cured, the old saying with railroad men is "God bless the man who invented the Pullman sleeping car," but I say "God bless the inventor of Hall's Texas Wonder."

Yours truly,

W. B. CLARK,

M. & O. R. R. Co., Mobile, Ala.

O. box 323, St. Louis, Mo. Send for testimonials. Sold by all druggists.

#### A NEW COUNTY.

Williston Will Hold Public Meeting to That End.

The citizens of Williston have been agitating for some time the organization of a new county in that section, to be made up of certain portions of Levy, Marion and Alachua counties. On Tuesday evening a public meeting was held for that purpose and the necessary steps will be taken to push the project.

The new county as planned will comprise an area of 18 by 25 miles, and the name chosen is Epperson, in honor of their public spirited citizen, Ralph Epperson, who acted as secretary of the meeting, J. C. Reidiek being the chairman. The people of Williston pledged \$5,000 toward the erection of a court house at that place.

#### Strayed or Stolen.

The demand for new houses still continues to exceed the supply. The two that are being erected on University street by W. N. Wilson, at a cost of \$1,500, each have been rented and will be occupied as soon as possible. They will have all the modern improvements.

The most beautiful creature in Gainesville (excepting, of course, a certain young lady), is the wild drake in Joe Estel's Brown House menagerie. The duck was hatched and reared in the lot in the rear of the hotel, together with two others of the feminine gender, and its beauty is beyond our power of description. It has to be seen to be appreciated. The pheasant does not compare with this drake in blending and richness of colors.

Capt. J. M. Strobber writes the editor of The Sun that he is detained in New York, owing to the absence of President Erwin from the city, and requests his paper forwarded to his New York address, 229 Broadway, care Wilbur Mercantile Agency, until further notice. He also requests public announcement that his house is not for sale nor rent, neither in whole or part. #### TWENTIETH CENTURY CLUB.

Third Year's Work Begun Under Favorable Auspices.

The Twentieth Century Club began the third year's work on October 9th at the home of the President, Mrs. O. A. Colbough. The formulating of plans for the year were discussed, results to be placed in definite shape at the next meeting. The president gave her welcoming address, making suggestions to stimulate zeal and interest. The report of the board of directors proved the efficiency of the selections made by the club in the arrangement of the year-book, which will soon be ready for distribution. The report of the library committee was of especial interest and a deserved vote of thanks was given the chairman, Mrs. Foster, for her untiring and fruitful efforts during the summer months.

The Twentieth Century Club begins the new year hopeful of good and substantial results for future benefits to the members, as also, eventually, to the town at large, in a splendidly equipped library, which is their special work. Members are requested to be prompt with dues, so that the year-book may not be delayed.

#### MISSED HIS TRAIN.

On Account of the Interference of a Couple of Canines.

"I wish these folks around here would muzzle their dogs," said a fellow on West Main street yesterday.

On being asked what was the trouble with him and the dogs, he said: "I wanted to catch that afternoon train on the Coast Line yesterday, but was obliged to miss it on account of the dogs. I could have made it all right, had I been allowed to run; but when I started at a lively pace a dog ran out after me and I was obliged to stop and drive him away. After thinking he would not bother me any more, I set into another run, when another dog grabbed for me and made me come down to a walk again. He finally followed his master away, so I was free to display my sprinting abilities, but the train had got such a lead on me that I had to give it up. It cost me about \$5 to miss the train, and a gross of the same kind of dogs as annoyed me while their masters looked on in senseless amazement, would not have brought that amount on a 'bull' market. And some people claim that a dog is a friend of man."

#### Judge Mason's Court.

There were two cases in the county court, before Judge H. G. Mason yesterday forenoon.

The first was the State against J. H. and George Dyeas of Campville, for aggravated assault on L. E. McKinney. Defendants waived examination and gave bonds for their appearance in the circuit court at the November term.

In the case of the State against Holmes Dorsey, colored, for selling liquor in violation of the local option law, a bond of \$125 was exacted from defendant. Being unable to secure the same, Dorsey was taken to the county jail to await the next session of court.
